tyler long

software developer

My love for programming is rooted in my love for foreign languages. After earning a bachelor's degree in Spanish, as well as studying multiple languages in college, I realized that I wanted a new challenge. I was introduced to programming, and it has since then become a priority of mine to learn more every day.

+ skills

TECHNOLOGY	LANGUAGES
JavaScript	English (Native)
React	Spanish (Fluent)
React Native	French (Advanced)
Express	
MongoDB	
Redux	
Python	
Visual Studio Code	
Node	
Git	
NPM	
Yarn
